CREATIVE INDUSTRIES WORKSHOP

NORTHERN FESTIVAL CENTRE

Facilitated by Festivals Adelaide and The New Venture Institute

THIS WORKSHOP HAS BEEN CO-DESIGNED BY THOSE INVOLVED IN THE INDUSTRY

The workshop will allow for expanded dialogue for all those attending. It will include short sharp presentations that will set the scene for facilitated round table discussions.

Participants will be able to discuss their issues and areas of interest which will be captured by the organisers and reported back.

This is to assist in ways to strengthen the industry and is in keeping with the theme of connecting Regional SA Creatives to Adelaide and beyond. The session will deep dive into the partnership and cooperative approaches including areas such as art and design, architecture and links to tourism. An updated program will be provided closer to the date.
